ANGEL ORTIZ, University of Notre Dame

[HS]² helped me dream big. Being from a low-income community I didn't always dream big. But being around other kids that have big dreams and goals, it was hard not to. The bonds and connections I made in Carbondale were the resources I needed to succeed and strive.

ALICIA CAGE, Dartmouth College

I wouldn't be where I am today as a first-generation, low-income minority attending an Ivy League institution without [HS]². I've only ever dreamed of attending college, but there were so many barriers, my lack of knowledge about the whole process being one of them. Thanks to the encouragement, generosity, and kindness of Betsy, Nick, Annie, and the rest of the staff, I have made my dreams come true.

TRISTEN SMITH, TCU Community Scholar

[HS]² helped me so much because it allowed me to be ahead of my peers once I got to school. I was able to understand the different types of applications and how to negotiate financial aid packages.
